

Merry Christmas and Happy New Year

December 2017

1. Merry Christmas and Happy New Year to all the ATRCA families.
2. We believe we had a great first ATRCA year although we had a bit bumpy start which no one should be surprised given that this has never been done at this scale for our families in this country. Thanks and congratulations to all of you who stayed in good times and tough times.
3. As we all immerse ourselves in the Christmas season and awaiting and preparing for the coming our Lord we will be decking ourselves and decorating Christmas trees and ornaments and take pretty individual and family pictures.
4. As part of the ATRCA family we have lot of cousins in the WhatsApp groups identified by just their mobile numbers with no indication of name or place or picture unless they are in your own contact list.
5. **This Holyday season we would like to encourage all to help each other to know each other more personally by updating your WhatsApp profile with your name, city, state and individual or family picture. Christmas time pictures are perfect for this purpose. You can go to Settings in WhatsApp group to update your profile.**
6. **If you have not been to our Facebook page we strongly recommend checking it out and join our ATRCA Families Facebook Group so that you will see our Facebook postings in your Facebook newsfeed automatically. Since lot of multi-media messages are shared on the ATRCA Facebook page, in order not to clog up our mobile phones with WhatsApp media, we don't want you to miss out on these messages. We also encourage you to keep sharing any information on Facebook and invite other cousins to join the Facebook group.**

7. Have a Merry Christmas and a Very Happy New year 2018!

Thank you

- ATRCA Volunteer Team
